MEDIA FILE

WHAT ARE DIVING talks?

DIVING talks - Portugal 2024 is an international event for promoting and sharing knowledge on the underwater environment.

It will occur in Portugal from October 18 to 20, bringing Portugal the world's leading divers, explorers, scientists, and researchers showing their best recent achievements.

DIVING talks will feature 8 to 10 Panels; talks and debates by keynote speakers from all over the world;

The Organization expects to host 500+ worldwide attendees during the Show's three days and reach 30.000 viewers online during the weekend.

AIMS

The aims of the DIVING talks 2024 are the following:

- Build up a diving event with international visibility and attractiveness;
- Host the world's leading divers, showing their best of the best recent initiatives;
- Allow the diving community to network with world-leading divers;
- Show and debate technological advancements in diving;
- Establish in Portugal a new hub for all subjects related to diving, both technical and scientific.

DIVINGtalks

SPEAKERS

The DIVING talks Speakers come from all over the world, work in different projects related with the subaquatic environment and share amazing stories with the attendees. Diving Talks brings to the show amazing explorers, scientists, divers and researchers.

STRUCTURE OF THE EVENT and PROGRAM

1: "TALKS"

Presentations of the most varied areas of activity related to the underwater environment: scientific research, innovation, exploration, cinematography, archaeology, etc..

EXHIBITION

It privileges innovative products and services that have recently arrived on the market.

WORKSHOPS (under the Exhibition): Practical actions to discuss various themes and test products and services..

UNDERWATER PHOTOGRAPHY COLLECTION

An essential event dimension is the Public Exhibition of the already considered "the most relevant collection of underwater photography". It comprises true works of art from today's best photographers and videographers.

Award-winning Portuguese photographer Nuno Sá curates the Diving Talks Photography Collection; which highlights the need to preserve natural resources.
